

Plastic Bottle Fish

You will need:

Plastic bottle

Scissors

Stapler

Glass or acrylic paint

Paint brush

1. Remove the lid and label from the empty bottle
2. Cut off the bottom half of the bottle
3. Pinch the cut end of the bottle so the two sides meet and staple together in the middle
4. Cut out fins and a tail from this end
5. Paint colourful fish patterns on the bottles
6. When dry, you can draw on eyes or stick on some googly eyes
