

Pipe Cleaner Dinosaurs

You will need:

Pipe cleaners

A pen

1. Twist a pipe cleaner around the pen and then fold the twist in half to make the front 2 legs. Do this again to make the back legs.
2. Twist another around the pen, this will make the neck
3. Attach the neck to the front and back legs
4. Wrap a pipe cleaner around the body in a spiral
5. Wrap another around a pen to make the tail. Attach it to the body and back legs
6. With the final pipe cleaner wrap it around the biro to for the head. Attach this to the top of the neck
